WHO WE ARE

Founded in 2013 in Toamasina, ECONS is a construction company specializing in the industrial, commercial, and private sectors. With over ten years of experience, our team of more than one hundred professionals is committed to delivering services that meet the highest standards.

Our growth is built on core principles: rigor, commitment, and excellence. By placing people and innovation at the heart of our approach, we forge strong and lasting partnerships in line with our commitment: « Building Quality Together, Living Amazing Experience ».

Since 2019, we have strengthened our presence in the capital and surrounding areas by successfully delivering large-scale projects in the Analamanga, Alaotra Mangoro and Atsinanana regions. We also extended our presence in the indian ocean with Patraka Ltd, our mauritian branch.

In 2025, ECONS broadened the scope of its operations to encompass residential and camp management services.

VISION

ECONS aims to become a leading force in the construction sector in Madagascar and in the Indian ocean region by focusing on innovation, sustainability, and operational excellence. We strive to be a key player in urban and industrial development by offering solutions tailored to today's economic and environmental challenges. Our commitment is to create modern, high-performance, and environmentally responsible infrastructure that contributes to the country's sustainable growth.

MISSIONS

Our mission is to support our clients in the execution of their construction, renovation, housing management and maintenance projects, while ensuring high standards of quality and safety.

We are committed to:

- Providing services tailored to each client's specific needs through a personalized approach and rigorous follow-up.
- Integrating best practices and technologies to optimize the sustainability and performance of our projects.
- Complying with current regulations and adopting international standards to ensure the reliability and compliance of our projects.
- Developing innovative solutions that take ecological imperatives into account, notably through the use of sustainable materials and energy optimization.
- Training and empowering our teams to ensure cutting-edge technical expertise and outstanding know-how.

Through these commitments, we aim to strengthen our position as a trusted partner for our clients and actively contribute to the economic and social development growth of Madagascar.

OUR VALUES

ECONS' values are the pillars of our commitment to excellence and professionalism. They define the way we work and interact with our partners, clients, and team members.

REGULATORY COMPLIANCE AND QUALITY

STAFF SAFETY AND WELLNESS

ENVIRONMENTAL RESPONSIBILITY

INNOVATION AND CONTINUOUS IMPROVEMENT

RESPECT FOR LOCAL AND CULTURAL CONTEXTS

ETHICS AND TRANSPARENCY

These values are at the heart of our strategy and form the foundation of our growth and reputation.

ECONS places sustainable development at the heart of its operations:

- Reduction of carbon footprint through the use of sustainable materials.
- Adoption of solar technologies and renewable energies on construction sites.
- Commitment to social projects, such as training local young talents, rehabilitation of hospitals.

DIRECTOR'S MESSAGE

Dear collaborators and partners,

ECONS is committed to delivering innovative, high-quality construction solutions. Backed by our expertise, we have expanded our presence to the Analamanga, Alaotra Mangoro and Atsinanana regions, as well as in Mauritius.

Our achievements are the result of a constant commitment to excellence, supported by the trust of our clients and partners. We integrate sustainable technologies to design energy self-sufficient projects, thereby affirming our environmental responsibility.

The outstanding result we have achieved so far gives us the confidence to move into the residential and camp management sector – a field in which we have the necessary resources to continue delivering exceptional outcomes.

We thank you for your collaboration and your commitment by our side.

Ludovic F.
